Snapshot report

Under the agreement for 2014
Avondale State School received: $8492.00

Our school strategies are on track to meet or exceed our targets

During 2014, we have focused on maximizing the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:
- Developing a whole school reading plan to ensure reading is explicitly taught, monitored and assessed.
- The development of a whole school data collection and student monitoring system that clearly aligned with the North Coast Region standards.
- Individual Curriculum Plans for those students who required them.
- Maximizing teacher aide hours to support student learning.

As a result of the implemented strategies, the following results have been established:
- At least 50% of Prep students are reading at or above the NCR benchmarks.
- All students who completed the NAPLAN test are at or above the NMS in all areas.
- Students requiring assistance in literacy and mathematics have been identified and supported in all areas, due to the increased individualized support of teachers and teacher aides.
- Students who are currently on a speech program have individual support at least 3 days per week.
